## **Rainier Beach: A Beautiful Safe Place for Youth Summer 2021 Data Report**

September 2021

### **Guide to this report**

This report describes crime offenses in the ABSPY intervention area over the Summer months of June, July, and August 2021. It is divided into 6 sections: one for each hot spot (Rose Street, Rainier & Henderson, Light Rail, Lake Washington, Our Safe Way) and a summary of all hot spots for the quarter. Each section contains the following data:

1. Number of police offenses in Summer 2021 compared to the eight previous summers, 2011-2020 (by age group and broad category: person, property, society, or other)
2. Number of selected offenses in Summer 2021 compared to the eight previous summers, 2011-2020 (by age group and offenses of interest at the hot spot: aggravated and simple assault, robbery, theft, and disturbance and dispute)

Definitions:

**The definitions of “offenses” and “incidents” have changed from previous reports due to the Seattle Police Department changing their data collection format to reflect NIBRS. The numbers in this report should not be compared to past reports.**

**Offenses:** Offenses are events that have criminal activity involved. Every offense involved in a single crime activity is reported in the data as a single, distinct crime. There may also be incidents involved within offenses; these are non-crime police activities that took place within the event. We prioritize violent offenses in this analysis. See the example below for information about how this affects the numbers.

**Person Offenses:** Crimes involving a person as a victim, e.g. assault, aggravated assault.

**Property Offenses:** Crimes involving loss of or damage to someone’s property, e.g. robbery, theft, burglary, property damage, arson.

**Society Offenses:** Crimes that affect public order and quality of life, e.g. disturbances, liquor violations, drugs, threatening behavior, weapons, prostitution.

**Other Offenses:** Crimes that do not fit into person, property, or disorder categories, such as fraud and trespassing.

**Youths:** Individuals 25 years old or younger

**Adults:** Individuals 26 years old or older

**Incident/Offense Example:** A report will contain all of the offenses or incidents that occurred during a single event. For example, during a traffic stop a driver is arrested for DUI and the police impound their vehicle. The DUI is

classified as the **offense** because this is the crime that took place during this event. The vehicle impound is classified as an **incident** because this is a police action that took place during the same event, but it is not a crime event.

### **Caveats**

1. Seattle Police Department uses NIBRS data formatting to count and prioritize offenses, with NIBRS grouping categories “Group A” and “Group B” separating the more serious crimes from the less serious crimes respectively.
2. Crime trends can change rapidly from month to month, especially in small areas.
3. Seattle Police Department recently switched to the NIBRS reporting system and is still in the process of compiling their new database. The new data categorize some offenses differently and as such, numbers are subject to change and should not be compared to previous reports.

**Acknowledgements:** Rachel Jensen; Heather Prince; Seattle Police Department

### **Notable Trends**

#### **Major Trends**

1. Adult robberies were higher in all hotspots than last Summer.
2. Youth crimes against persons were higher in all hotspots than last Summer.
3. Adult property crimes were higher in all hotspots than last summer.

#### **Specific Trends**

1. At Rose Street, youth and adult property crime were lower than last Summer.
2. At Rainier and Henderson, youth and adult property crime were higher than last Summer.
3. At Light Rail, youth and adult simple assaults were higher than last Summer.
4. At Lake Washington, youth property crimes were lower than last Summer.
5. At Our Safe Way, youth and adult property crimes were lower than last Summer.

## All Rainier Beach Hotspots, Broad Category Offenses by Age Group, Number

### All Events: June, July, August 2011-2021

#### All Events and Offenses

- Youth: There were 346 events containing 350 offenses for youth in all hotspots in June, July, and August 2011-2021.
- Adults: There were 818 events containing 801 offenses for adults in all hotspots in June, July, and August 2011-2021.
